## Two Lovely Models Described

One, a tailored suit of 2-tone basket weave has a semi-fitting back with tunic front fastening under the left arm. The Dutch collar is inlaid panne-velvet with trimming of hand embroidery, and edging of velvet. The revers of green panne-velvet is trimmed with silk cornelli braid finished with velvet loops, and gilt buttons. The cuffs are edged with velvet and finished with velvet loops to match. In front a deep strapping of self around the bottom graduating to point in front is edged with green panne-velvet. Lining throughout is of green Louise silk. The skirt is made quite plain with tunic effect to match the coat. At the back a big box pleat falls to within 12 inches of the hem where it forms into a triple pleat. The price of this is \$85.00.

The other model is a novelty suit of Amethyst broadcloth in the Russian effect. The collar is deeply rounded and, like the revers, inlaid with Amethyst panne-velvet, most exquisitely embroidered (hand) in floral designs in two tones of the prevailing shade. Perpendicular rows of piping round the skirt, heavy military braid and silk soutache trimming down the back and continued under the arms complete a most handsome and striking effect. The sleeves are elaborately trimmed in harmony with the rest of the coat. The lining is of Paisley Taffeta silk. The skirt is of the most modern style and narrow with yoke effect in heavy military silk braid and of perpendicular piping on both sides forming a panel with a box pleat at the back. Price \$105.00.

## ANNOUNCEMENT

ON THURSDAY, FRIDAY AND SATURDAY of this week the entire store will be thrown open to the public for their special inspection of New Fall Goods.

Greater efforts than ever have been put forth to make this opening a striking success and we venture to believe that nowhere else will be found such an attractive and so perfect an all round display.

THE READY-TO-WEAR Salon displays exclusive models picked by our buyer from the markets of Eastern Canada and the United States. The word "exclusive" is used and meant, for no other store in Edmonton can secure their like. Many new dresses this Fall differ greatly from past; the skirts mostly tend towards the "bubble" effect, and all in more attractive shapes than recently. The Furs this year are such as to delight the eyes of every visitor, and many novelties are shown. A feature emphasized more than in former years at this store is the catering to the wear for young girls of all ages.

DRESS GOODS are by no means to be overlooked. There is a goodly array on the tables in this department. You will note especially the beautiful silks, shot and plain, the Delaines and the heavier fabrics such as the Tweeds from England, the Sedan finished Vicuna and the Blanket Cloths for children and for bath robes.

SHOES are represented chiefly by the ever popular Dorothy Dodd, which is found in some new attractions every season.

BOYS' WEAR.—We have been steadily improving this department each week, and now that the alterations are complete you will be the better able to take advantage of the increased display and the wider range of stock. We believe that no other house caters so effectively to the Boy as ourselves and we thoroughly endorse the efforts of the manufacturers in the new Fall Suits and Coats.

## FIELD COMPETITIONS IN ALBERTA

Competitions for fields of seed grain have been held by twelve agricultural societies in the province of Alberta this year. The judging of these competitions is done by the seed branch of the Dominion Department of Agriculture. Complete reports have been issued by the various judges, which are briefly summarized as follows:

## Bowden Agricultural Society.

Judge: W. H. Bowden, district officer of the seed branch.

The Bowden Society held competitions in wheat and oats. In wheat there were four entries and the prize winners were:

1st—J. C. Hammon, Bowden, Turkey Red variety, score 82.

2nd—Edward Walton, Bowden, Turkey Red variety, score 81.

3rd—H. H. Bowden, Bowden, Turkey Red variety, score 80.

The other competitor was Anderson Brothers, with a yield of 79.5%.

Twenty entries of oats were placed in the competition and there was less than 5% of variation in scores. The best yield was 83% and the other entries were to be treated as follows:

1st—W. J. Cross, Bowden, Seneca variety, score 83.

2nd—J. H. Black, Bowden, Seneca variety, score 74.

Owing to the tremendous seed that oats require, it is to be treated as follows:

3rd—H. H. Bowden, Bowden, Turkey Red variety, score 73.

The other competitor was Anderson Brothers, with a yield of 79.5%.

Twenty entries of barley were placed in the competition and there was less than 5% of variation in scores. The best yield was 83% and the other entries were to be treated as follows:

1st—J. C. Hammon, Bowden, Turkey Red variety, score 84.

2nd—Edward Walton, Bowden, Turkey Red variety, score 81.

3rd—H. H. Bowden, Bowden, Turkey Red variety, score 80.

The other competitor was Anderson Brothers, with a yield of 79.5%.

Cardston Agricultural Society.

Judge: W. C. McLean, district officer of the seed branch.

At Cardston there were competitions in winter wheat, spring wheat and barley. In winter wheat, one competitor was particularly strong among them, having twelve entries in the competition. There were two entries in spring wheat and the other entries were to be treated as follows:

1st—E. Harris, Cardston, Turkey Red variety, score 84.

2nd—A. Johnson, Cardston, Turkey Red variety, score 90.

3rd—W. P. Pilling, Cardston, Turkey Red variety, score 89.

4th—J. C. Custer, Cardston, Turkey Red variety, score 88.

5th—J. H. Levitt, Cardston, Turkey Red variety, score 88.

A. J. Stoddart, Cardston, Turkey Red variety, score 88.

Other exhibitors were: Wm. Dunc. W. E. Bullock, R. G. Irwin of Irwin, Dryden Creek, R. A. Pilling of Kinsella, and H. H. Bowden, Bowden.

Considering the exceptionally dry season the crop of winter wheat was quite good, with barley varieties of inferior quality.

In the spring wheat competition there were two entries:

1st—H. H. Bowden, Cardston, Preston variety, score 84.

2nd—Androse Woodward, Cardston, Preston variety, score 83.

3rd—H. C. Tanner, Cardston, Preston variety, score 80.

Alberta was the only competitor in the competition for oats:

1st—H. C. Tanner, Cardston, Bantam variety, score 88.

2nd—H. H. Bowden, Cardston, Bantam variety, score 82.

The spring wheat crops on the whole are rather light. The entries in this competition have made a fair showing, showing most of the fields have been grown on summer fallow.

Imperial Agricultural Society.

Judge: W. H. Fairfield, Superintendent, Experimental Farm, Lethbridge.

The Imperial held field competitions in wheat, for the same number of entries in the winter competition was five. The following are the prize winners:

1st—W. F. Wood, Innisfail, Turkey Red variety, score 90.

2nd—G. M. Stevenson, Innisfail, Turkey Red variety, score 88.

3rd—Albert Longhead, Bowden, Turkey Red variety, score 85.

The field of the other competitor, J. E. Kiley, was disqualified for barley and not mustard. The competition as a whole was fair, showing a marked improvement in the purity of the grain.

Imperial Agricultural Society.

Judge: W. H. Fairfield, of Lethbridge.

There were five competitors in the wheat competition at Lacombe. The prize winners were as follows:

1st—P. H. Talbot, Lacombe, Turkey Red variety, score 87%.

2nd—J. M. Southward, Lacombe, Turkey Red variety, score 86.

3rd—H. F. Bates, Lacombe, Turkey Red variety, score 80.

Other exhibitors were Albert Bates and H. F. Bates.

A fairly good yield will be harvested from these fields. There is room for improvement, however, in the purity of the variety.

In the oat competition at Lacombe the entries were as follows:

1st—P. H. Talbot, Lacombe, Turkey Red variety, score 87%.

2nd—J. M. Southward, Lacombe, Turkey Red variety, score 86.

3rd—H. F. Bates, Lacombe, Turkey Red variety, score 80.

Other exhibitors were Albert Bates and H. F. Bates.

A fairly good yield will be harvested from these fields. There is room for improvement, however, in the purity of the variety.

In the oat competition at Lacombe the entries were as follows:

1st—P. H. Talbot, Lacombe, Turkey Red variety, score 86%.

2nd—H. F. Bates, Lacombe, Turkey Red variety, score 85.

3rd—J. A. Struthers, Lacombe, Turkey Red variety, score 80.

The field of the other competitor, J. E. Kiley, was disqualified for barley and not mustard. The competition as a whole was fair, showing a marked improvement in the purity of the grain.

Imperial Agricultural Society.

Judge: W. H. Fairfield, of Lethbridge.

The fields in this competition were comparatively free from the noxious weeds and the purity of the varieties in the oat competition there were four entries:

1st—A. G. Bowden, Bowden, Seneca variety, score 88.

2nd—J. H. Black, Bowden, Seneca variety, score 75.

3rd—J. A. Simpson, Innisfail, Bantam variety, score 76.

The field of the other competitor, J. E. Kiley, was disqualified for barley and not mustard. The competition as a whole was fair, showing a marked improvement in the purity of the grain.
